DETAILED ACTION

Response to Amendment

This is a response to the amendment filed 05/02/2006. Claims 1-10 have been canceled. Claims 16-32 have been added. Claims 11-32 are currently pending.

Election/Restrictions

Newly submitted claims 16-32 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Treating or improving a pain by fibromyalgia, and improving or treating accompanying symptoms with fibromyalgia are distinct from the claims previously examined. The scope of the newly added claims is different, and newly added claims require additional undue search and consideration.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 16-32 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Claim Rejections - 35 USC § 112

In view of Applicant's response and amendment to the main claim previously cited rejection regarding claims 11-15 is withdrawn.

New Grounds of Rejection:

Claim Rejections - 35 USC § 112

Claims 11-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 11 is vague and indefinite for recitation of “improving”, this is a relative term subject to varied interpretation. The claim has been interpreted in light of the specification and since the disclosure does not set forth clear boundaries or criterion for “improving” limitation then the claims is considered vague and indefinite. This affects dependent claims 12-15.

No claims are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
